Power Source For Women: Proven Fitness Strategies, Tools, and Success Stories for Women 45+ was written for women 45+ who want to start, or return to, fitness. Authors Susan Sommers and Theresa Dugwell discuss how major changes can result in weight gain, job loss/retirement, divorce, depression, smoking cessation, and the physical problems associated with aging — arthritis, diabetes, and osteoporosis. In addition, Sommers

and Dugwell have included personal stories and achievements from five role models, including Maureen Catania who was on the January/February 2010 cover of Active.

The book is available at Chapters (under \$20) and online at powersourceforwomen.com.

The Resistance Chair

Depending upon pre-existing health conditions, mature adults should stay active and strong. The Resistance Chair® is designed to help by offering a wide range of exercises. From a safe, seated position you can strengthen muscles, improve flexibility and endurance, stave off the effects of common ailments, and assist with post-op rehabilitation. The Chair enables users to exercise arms, chest, shoulders, abdomen. back, and legs. You can use this portable system at home, on the road, or with a personal trainer. Priced at \$279.95, the chair is available for purchase/shipment internationally. See full details on the website at vgactioncare.com.
